

## **PFAC Annual Report Form**

Health Care For All (HCFA) promotes health justice in Massachusetts by working to reduce disparities and ensure coverage and access for all. HCFA uses direct service, policy development, coalition building, community organizing, public education and outreach to achieve its mission. HCFA's vision is that everyone in Massachusetts has the equitable, affordable, and comprehensive care they need to be healthy.

### Why complete an annual report for my PFAC?

Under Massachusetts law, hospital-wide PFACs are required to write annual reports by October 1<sup>st</sup> each year. These reports must be made available to members of the public upon request. As in past years, HCFA is requesting a copy of each report and submitted reports will be posted on HCFA's website, <a href="https://www.hcfama.org">www.hcfama.org</a>. HCFA recommends using this template to assist with information collection, as well as the reporting of key activities and milestones.

## What will happen with my report and how will HCFA use it?

We recognize the importance of sharing of information across PFACs. Each year, we

- > make individual reports available online
- > share the data so that PFACs can learn about what other groups are doing

## Who can I contact with questions?

Please contact us at <a href="PFAC@hcfama.org">PFAC@hcfama.org</a> or call us at 617-275-2982.

If you wish to use this Word document or any other form, please email it to <a href="PFAC@hcfama.org">PFAC@hcfama.org</a>.

Reports should be completed by October 1, 2018.

26a. Accomplishment 1:  Throughout the year the PFAC provided a feedback to our Patient Experience Advisors in their initiatives to reduce noise at night. One of the strategies was "quiet packs" which include toiletries, ear plugs and an eye mask. The group reviewed the pack contents and provided suggestions to improve the items included. These packs are now distributed to patients on admission. Since implementation the patient feedback has been positive.	☐ Patient/family advisors of the PFAC ☐ Department, committee, or unit that requested PFAC input	<ul> <li>☑ Being informed about topic</li> <li>☑ Providing feedback or perspective</li> <li>☑ Discussing and influencing decisions/agenda</li> <li>☐ Leading/co leading</li> </ul>
26b. Accomplishment 2:  Our PFAC participated in the hospital's 50th Anniversary events planning. The PFAC group provided a community perspective to the staff organizing the events. These included a memory wall instillation, a celebratory mass, an employee barbecue, and commemorative tree planting.	☐ Patient/family advisors of the PFAC ☑ Department, committee, or unit that requested PFAC input	<ul> <li>☒ Being informed about topic</li> <li>☒ Providing feedback or perspective</li> <li>☒ Discussing and influencing decisions/agenda</li> <li>☐ Leading/co leading</li> </ul>

### 27. The five greatest challenges the PFAC had in FY 2018:

### 27a. Challenge 1:

We have been challenged by time. It is difficult to build momentum on projects when our meeting availability is limited. Some members of the group are working full time and all have personal commitments which require scheduling adjustments. We are considering the addition of a call in meeting between our every other month meetings to check in.

### 27b. Challenge 2:

We continue to work on the integration of PFAC members into hospital committees. As stated above scheduling is one obstacle for this initiative.
