

Team Activation

When an unanticipated clinical event occurs and second victims are identified, a forYOU Team request for interventional support should be made as soon as possible.

24/7 Availability

A pager (**573-397-0044**) is available for 24 hours/day and seven days/week emergency response requests.

forYOU Team coordinator and facility team leads, rotate 24/7 call to receive pages for second victim support request. When contacted:

- Determine the nature of the incident.
- Determine the magnitude or scope of the event.
- Assess the need for and plan an intervention.
- Identify appropriate forYOU team peer to serve as supporter and contact them with basic case information including contact information for the second victim.
- forYOU peer supporter will be contacted and requested to contact the second victim as soon as possible (preferably within 24 hours of notification).
